QUALITYFLOW EXTREME

MAXIMUM ENERGY EFFICIENCY

MAXIMUM ENERGY EFFICIENCY

6" & 12" High Efficiency Rigid Cell Filters

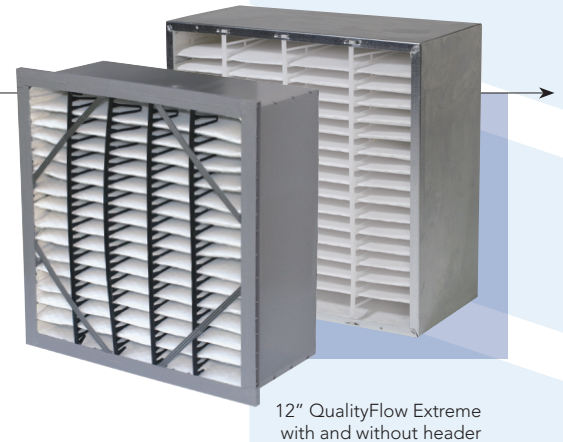

THINK QUALITY.

QUALITYFLOW EXTREME FILTER

The QualityFlow Extreme from Quality Filters uses a proprietary media to create a dynamically different filter. This durable filter is cost-effective and has the lowest pressure drop on the market. QualityFlow Extreme offers half the pressure drop and twice the service life of traditional rigid cell filters.

FEATURES

- Lower pressure drop than competitors means lower energy costs.
- Available in **MERV 13 / 14** rated per ASHRAE test standard 52.2 and exceeds the LEED standard.
- Super durable frame and media resists tearing or damage, resists moisture and does not support microbial growth.
- Available in 6" and 12" with and without header.
- Available in plastic or galvanized frame.*
- Outperforms ASHRAE boxes, traditional rigid cell filters and Vcells.

12" QualityFlow Extreme with and without header

QUALITYFLOW EXTREME Filters are ideal for:

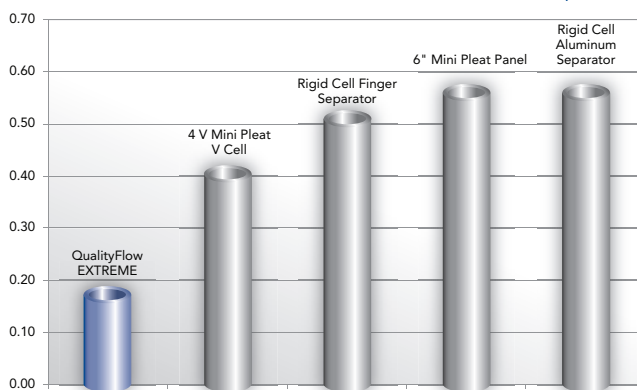

Hospitals
Schools

Government Buildings
Office Complexes

Public Arenas
General Industrial

* Plastic is only available in size 12x24x12 and 24x24x12.

QUALITYFLOW EXTREME Initial Resistance Comparison*

* Airflow for MERV 13 efficiency at 492 FPM.
